- Partnerships with organisations that share our mission
- A clear brand identity in the market
- Good governance
- Strong foundations for the Institute's operations & finances

ICRS 2026+ Value Proposition

The ICRS enables practitioners to be part of a diverse, vibrant community of peers, develop their skills, and gain recognition as professionals through established pathways

Community of Peers

Hubs
Network with peers in the same location, at the same experience level, or around specific CR&S topics
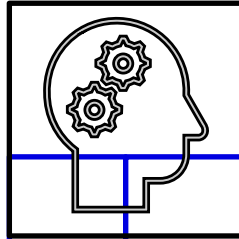

Mentoring
Develop your professional career through an established relationship with a fellow practitioner

Sharing Best Practices
Hear from others on their career journeys & skills for success

Flagship Events
Learn, network, and stay up to date at our flagship events The Exchange & The Debate

## Skills

ICRS Competency Framework
Benchmark your skills and competencies & use the framework to guide your continuing professional development

Resources, Webinars & Research
Stay up to date & bolster your knowledge through resources & webinars on key topics & ICRS-led research

Signposting & Partnerships
Access further information and learning through partnerships and signposted resources that align with the ICRS Competency Framework

Pathways for Practitioners

Certified CR&S Practitioner
Learn and gain confidence in your skills by becoming an ICRS Certified CR&S practitioner

Fellowship
Gain recognition for your skills & experience via Fellowship

Senior Fellowship
Be recognised for the positive impact you've created throughout your career
